For all your curtain-making products... we have it covered

www.merrick-day.com
For all your curtain-making products

We have carefully selected the range for their quality and cost effectiveness. Most of the products you see in this catalogue are used by the team in our own curtain-making workroom. We know they work. Whether it is one item or many more we will be delighted to make your project come to life.

How do I order?

1) Browse our web site www.merrick-day.com and place your order on line. If in stock, orders will be delivered the next working day by courier.

2) If you need some help then the team is experienced and will advise you. Either email us at sales@merrick-day.com or call us on 01652 648814. The staff are available Monday to Friday 9am to 5pm.

3) Orders are despatched quickly and efficiently and if there are any problems on receipt just give us a call and we will sort it out – NO QUIBBLE RETURNS are part of what makes us a market leader.

If you are a TRADE customer then please call us on 01652 648814 to register your details.

All major credit cards accepted.

Linings

We have selected a range of ivory, pearl and white linings to suit all applications and budgets. Our linings range from plain weave poly-cotton to the highest quality 100% cotton sateen, colour-fast lining with crease-resistant finish.

Blackout, thermal and fire-resistant linings also available.

Our linings and interlinings are available as cut lengths as well as full-width rolls.

Cotton linings also available on creased and lapped rolls.

Free lining and interlinings swatches are available on request.

Interlinings

Make curtains look sumptuous! Interlining improves the drape of curtains and top treatments. Our interlinings are carefully selected in a range of weights which are appropriate for any curtain application. Use lightweight interlining for blinds and top treatments, and medium and heavyweights for curtains. We have only selected pre-shrunk interlinings to minimise shrinkage when made up into curtains.

Washing and dry cleaning is not recommended for interlined curtains.

Combined Lining
& Synthetic Interlinings

Ideal for the time-conscious curtain maker. The interlining is fused onto the lining, so interlined curtains can be made using machine make-up techniques. Combined blackout and synthetic interlining also available.
Regal Coloured Lining

For added luxury use a coloured lining. The Regal Collection has an extensive range of colours. No matter what your colour pallet, the Regal Collection will have a lining to complement.

- 100% Cotton sateen lining.
- Solprufe finish.
- Rolled full-width.
- 137cm (54in) wide.

Grosvenor Plain Fabrics

A range of versatile plain-dyed satin weave fabrics that can be used as a lightweight plain fabric or as a superior quality lining.

- Rolled full-width. 137cm (54in) wide.

Gather Heading Tapes

- 2.5cm (1in) gather heading tape, 1 woven pocket – T1WGP
- 7.5cm (3in) pencil heading tape, double-sided, 3 cord pockets – T3CP
- 7.5cm (3in) transparent pencil tape for sheers, 7 card pockets – T3CPFR
- 7.5cm (3in) pencil heading tape, densely woven, 3 cord pockets – T3WPGOL
- 7.5cm (3in) pencil heading tape, "M&D Gold Line", natural, 8 cord pockets – T3CPMULTI
- 2.5cm (1in) gather heading tape adheres to hook tape – T1LOOP

Designer Heading Tapes

- 7.5cm (3in) triple-pleat heading tape, woven pocket – T3WPT
- 7.5cm (3in) box-pleat heading tape, woven pocket – T3WPGX
- 7.5cm (3in) goblet-pleat heading tape, woven pocket – T3WPGO
- 8.5cm (3½in) smock-pleat heading tape, woven pocket – T3WPSM
- 7.5cm (3in) fire-resistant gather heading tape, 1 woven pocket – T3WPFR
- 7.5cm (3in) pencil heading tape, 3 woven pockets – T3WP

Fire-resistant Heading Tapes

2.5cm (1in) fire-resistant gather heading tape adheres to hook tape – T1LOOP

Hook-friendly Heading Tapes

- 7.5cm (3in) pencil heading tape adheres to hook tape – T3WPFR
- 7.5cm (3in) pencil heading tape, 3 cord pockets – T3CP

Hook & Loop Tapes

A Velcro® equivalent. Available in natural, black or white and in 20mm and 50mm depths. Hook and loop tapes sold separately either as cut lengths or in full rolls.

Rufflette Heading Tapes

Rufflette Solar Tape & Jupiter Rings

Rufflette 88mm Solar tape 36mm internal diam. Jupiter plastic eyelets for poles up to 28mm (11/2in). The 2-part Jupiter Rings can be used with or without Solar tape.

Rufflette Tape Hooks
Eyelet Tape & Plastic Eyelets

An easy-to-use system of eyelet tape and 38mm, internal diam., metal effect plastic eyelets. Tape and eyelets sold separately.

Sew tape to the back of the curtain, cut out the fabric at each eyelet. Press eyelet into tape at front of curtain. The tape has plastic tabs fitted to the back to hold the pleat in position. The outer clip gives the curtain 2 times fullness and the inner clip gives the curtain 2¼ fullness.

Matt chrome – TEYE38MC
Black – TEYE38BL
White – TEYE38WH
Chrome – TEYE38CH
Matt brass – TEYE38MB
Polished brass – TEYE38PB
Graphite – TEYE38GR

1-part 38mm (1½in) plastic eyelets to be used with eyelet tape TEYELET. 8 eyelets required per 95cm of tape.

Metal Eyelets

All our eyelets are solid brass, so they will not rust, and are available in a range of finishes. They come in two parts and need to be inserted with a hand tool or an eyelet press.

5mm eyelets available in polished brass or nickel finish only.

Brass – EYEB
Satin nickel – EYEN
Bright gunmetal – EYEBG
Nickel – EYN
Antique brass – EYEB
Antique copper – EYEBAC
Chrome – EYEC
Antique nickel – EYAN
Bright gunmetal – EYEBG
Satin nickel – EYEN
Nickel – EYN
Antique brass – EYEB
Antique copper – EYEBAC
Graphite – EYEG

2-part metal eyelets available in 25mm (1in), 40mm (1½in) & 66mm (2½in) internal diam.

Eyelets also available in powder-coated white, beige, matt black and gloss black.

Metal Eyelet Press

Hand-operated eyelet press (bench optional) suitable for 5mm (1/5in), 40mm (1½in) & 66mm (2½in) metal eyelets – order cutting & closing dies separately – DIE5, DIE25, DIE40, DIE66

Eyelet press – EPRESS66
Bench – EPRESSBCH

Eyelet Hole Cutters

Save time with this easy to use fabric cutter – a perfect circle everytime!

Can be used in conjunction with eyelet tape or hand-setting tools.

Hand-setting tool for 5mm eyelets – ETOOL5
Hand-setting tool for eyelets in 25mm (1in) & 40mm (1½in) – ETOOL25, ETOOL40
Hide-faced mallet 1 for 5mm hand-setting tool & cutter – MALLET1
Hide-faced mallet 2 for 25mm and 40mm hand. & cutter – MALLET2
Hide-faced mallet 3 for 25mm and 40mm hand. & cutter – MALLET3

Hand cutters for 5mm, 25mm (1in) & 40mm (1½in) holes.

Order online: www.merrick-day.com
Heading Buckrams

A range of heading buckrams, soft sanforised, single-sided fusible and firm double-sided fusible. All available in depths of 10cm (4in), 12.5cm (5in) and 15cm (6in). French, goblet and box-pleated headings are all made using buckram stiffening to allow the fabric to hang in crisp folds.

Pelmet & Tieback Buckrams

1- and 2-ply pelmet buckram in widths of 30cm (12in), 45cm (18in) and 90cm (36in), in cut lengths or full rolls. A stiffened coarsely woven jute fabric used to make flat pelmets and tie-backs. Cover the buckram in wadding or interlining to prevent the weave and hessian colour showing through the face fabric. – PB30, PB45, PB90. White tie-back buckram 90cm (36in) wide 30m on a roll - TBB90

Curtain Hooks

White plastic tape hooks – HOOKPI
Nickel-plated, brass-plated & brass tape hooks – HOOKNP, HOOKBP, HOOKB
Brass or brass-plated sew-on hooks – HOOKSEWB/BP
Pin-setter gun with adjustable guide – PINSETTER
Metal pin hooks – HOOKPINH
Adjustable sew-in hooks 75mm, 95mm HOOKADJ

Pelmet Canvas & Puffed Heading Net

Loomstate cotton canvas 15oz, 95cm (36in) wide, a softer alternative to pelmet buckram – CANVAS
Petticoat net 130cm (48in) wide, for inserting in puffed headings – NET

Rings

Solid brass split rings 19mm – RINGSPLIT
Solid brass D rings 25mm – RINGD25
Solid brass rings in a range of sizes
Clear plastic rings 13mm – RING13CPL
Small white plastic S hook – RINGSW
Ee hooks solid brass cord double 25mm – EESH25

Rufflette Pelmform

A self-adhesive stiffened fabric that has 5 pelmet styles printed on the backing paper. (Jacobean, Queen Anne, Georgian, Regency and Victorian) It is also marked out with a graph so that you can create your own unique design.

Cover Buttons

Cover button maker – BUTTONMAKE
Nickel-plated cover buttons – fronts & backs – 36, 28, 22, 16mm dia

Also Available

Translucent heading buckram
Pre-cut white buckram tie-back shapes

Tel: 01652 648814 • Fax: 01652 648104

Regular Rotary Chain Roman Blind Kits

A simple inexpensive system particularly suited to lightweight Roman blinds. Kits include: length of track, aluminium bar and brackets, reels and tape, sidewinder and chain, fibreglass rods and flat bottom lath, rod loop tape, end stops and instructions. Can be cut to size with a junior hacksaw.

Kits are available in 4 widths from 90cm (35in) to 180cm (71in) wide, for drops up to 180cm (71in).

For added support, brackets, reels, tape, chain and chain connectors are available separately.
Super Corded & Super Rotary Chain Roman Blind Headrails

The Super headrails are suitable for medium to heavyweight blinds.

They are available in a range of widths from 60cm (24in) to 300cm (118in). Widths can be cut to size.

They are either supplied with a cord locking device so that cleats are not necessary or with a rotary chain mechanism.

The standard Super rotary chain headrails are suitable for blind weights up to 3kg. For weights up to 4.5kg use a heavy-duty chain drive with a 1:5 gear ratio.

Super Corded & Super Rotary Chain Roman Blind Kits

Kits are available in 8 widths from 60cm (24in) to 300cm (118in) wide for drops up to 260cm (102in). The widths can be cut to size.

Corded kit comprises of a Super corded Roman blind headrail and a rod and tape pack.

Rotary chain kit comprises of a Super corded Roman blind headrail and a rod and tape pack.

Super Corded & Rotary Chain Roman Blind Components

1–4: corded & rotary chain universal components, 5–7: components for corded only, 8–11: components for rotary chain only

Order online: www.merrick-day.com
Deluxe Rotary Chain Roman Blind Headrails

A cassette headrail ideal for heavy Roman blinds, also ideal for fitting in window reveals as the mechanism is concealed within the headrail and cannot be seen at the back.

The standard chain drive is supplied with a 1:1 ratio and is suitable for blind weights up to 3kg.

For weights up to 6kg a heavy duty chain drive with a 1:4 gear ratio and extra universal brackets are available.

Headrails are available in a range of widths from 60cm (24in) to 300cm (118in). Widths can be cut to size.

For an even smarter look purchase a chrome, nickel or brass chain ring to replace the white plastic bead chain ring.

Deluxe Rotary Chain Roman Blind Kits

The kit comprises of a Deluxe rotary chain Roman blind cassette headrail, as above, and a Roman blind rod and tape pack.

Kits are available in 8 widths from 60cm (24in) to 300cm (118in) wide for drops up to 260cm (102in). Widths can be cut to size.

The standard chain drive is supplied with a 1:1 ratio and is suitable for blind weights up to 3kg.

Deluxe Rotary Chain Roman Blind Components

Deluxe Roman blind aluminium top track with hook tape – ROMTRACKD
Deluxe universal support bracket – ROMBKTD
Deluxe extendable universal support bracket – ROMBKTEX
Deluxe cord drop house – ROMDROPD
Rotary drive shaft – ROMSHAFT

Deluxe locking collar for rotary drive shaft – ROMLOCKD
Allen key for deluxe headrail – ALLEN2MM
Deluxe chain drive ratio 1:1 and end cap, for weights up to 3kg – CHDRIVED
Deluxe chain drive ratio 1:4 and end cap, for weights up to 6kg – CHDRIVEHDD

Deluxe Roman blind kits include: length of aluminium track with end stops, hook and loop tape, brackets, 260cm (102in) long cord drops, sidewinder, white plastic chain with 175cm (69in) drop, 7 fibreglass rods with plastic end caps, ivory rod pocket tape, transparent rings, flat bottom aluminium bar with plastic end caps – ROMDEL60R to ROMDEL300R

The kit comprises of a Deluxe rotary chain Roman blind cassette headrail, as above, and a Roman blind rod and tape pack.

Kits are available in 8 widths from 60cm (24in) to 300cm (118in) wide for drops up to 260cm (102in). Widths can be cut to size.

The standard chain drive is supplied with a 1:1 ratio and is suitable for blind weights up to 3kg.
Premier Plastic Tracks

Integra Premier plastic corded and uncorded tracks.
The corded version has overlap arms and tensioner.
Sizes range from 1.25m (49in) to 5m (197in). Suitable for straight runs or gentle curves. Snap-lock brackets for easy face or top fixing. Curtain hooks included. Depth of track 28mm (1¼in). Bracket projection 140mm (5½in).

Valance Rails

Integra Premier plastic valance rail fits together with Integra Premier track to give an integrated track and valance rail. Sizes range from 1.25m (49in) to 5m (197in). Suitable for straight runs or gentle curves. Universal brackets. Depth of track 28mm (1¼in). Bracket projection 140mm (5½in).

Integra lockseam, extendable valance rail. Fits together with the Integra Ultra-glide track to give an integrated track and valance, or over existing tracks and poles. Sizes range from 100cm (39in) to 200cm (78½in) Projection 15–20mm (6–8in).

Net Rods

Integra spring-loaded metal net rod, sizes available from 40cm (15¾in) to 250cm (98½in)

Screw Eyes & Ess Hook

- Brass plated screw eyes: 62, 47 & 38mm – VINE62, SEYE43 and SEYE38
- Ess hooks: solid brass cord slider 25mm – ESS25

Curtain Cord Weights

- Cord weights – all available in polished brass, antique brass, chrome & satin nickel, slim cord weight also available in white – GRAY5, GRAY6, GRAY7 & GRAY8

Telescopic Metal Tracks

Ultra-Glide: An Integra heavy-duty extendable metal track.
Sizes range from 100cm (39in) to 550cm (216½in). Pre-corded, white painted, rolled steel track with ball-bearing pulley sets. Bracket projection 64mm (2½in). Ceiling and wall fix. Straight runs only. Intermediate support covers.

Arched Window Track

Bendable PVC track for static fixed headed curtains.
Fit to inside of arch or on to the architrave.
Curtains can be attached with loop tape or curtain hooks.

122cm (48in) white PVC bendable track with hook tape for attaching curtains with loop tape – ARCHOOP

122cm (48in) white PVC bendable track with hook for curtain hooks – ARCHHOOK

Curtain Cord Weights

Pelmet-board Brackets & Spacers

White angle brackets available in a range of sizes
White centre brackets & 15mm Cyrillic space – G347, G348, G349 and G350
Swish Furniglyde Track
Lightweight PVC track, ceiling fixed without the need for brackets. Lengths 150cm (59in) to 250cm (98in).

Harrison White Drape
Traditional aluminium uncorded curtain track. Lengths 125cm (49in) to 275cm (108in).

Swish Deluxe Track
PVC uncorded track. Lengths 125cm (49in) to 275cm (108in).

Swish Superluxe Track
PVC corded track. Lengths 125cm (49in) to 500cm (197in).

Swish Supreme Glide Track
Quality aluminium uncorded track, ideal for bay windows or straight runs. Lengths 125cm (49in) to 500cm (197in).

Swish Supreme Cord Track
Quality aluminium corded track, ideal for bay windows or straight runs. Lengths 125cm (49in) to 500cm (197in).

Swish Finsbury & Queensbury Poles
16mm dia steel poles, complete with rings, finials and brackets. Extension and double brackets available. Lengths 120cm, 180cm, 240cm and 300cm. Can be cut to size easily.

Swish Belgravia Poles
29mm dia metal poles, complete with rings, ball finials and adjustable brackets which project 10–13cm (4–5in). Matching holdbacks available. Lengths 120cm, 180cm, 240cm, 300cm and 360cm. Can be cut to size easily.
Classic Collection
Wooden Curtain Poles in 35mm, 50mm & 63mm diameter

These stunning poles and accessories are made from renewable pine and South African koto.

Poles range from 1.2m (47in) to 4.8m (189in). Poles may be cut to exact length required.

Poles over 1.8m for 35mm diameter and over 2.4m for 50 and 63mm diameter, will come in 2 pieces and require a centre bracket.

Poles can be ordered as packs, complete with rings, finials and brackets or all items can be ordered individually.

Brackets are available in solid brass or wood. The wooden brackets are available either as cup or flat wooden style, finished in the colour of the pole pack. The solid brass brackets are finished in polished brass, antique brass, satin nickel, or chrome.

Wooden cup bracket with Vase finial
Wooden flat bracket with Pear Drop finial
Standard brass bracket with Pineapple finial
Polished brass, antique brass, chrome & satin nickel brackets

Approximate shades only, sampling service available.

Corded poles also available in these colours.
Classic Collection
Finial Designs

The 12 finial designs are all available for 35mm (1½in), 50mm (2in) and 63mm (2½in) poles. They are also all available in the standard Classic Collection pole colours.

Curtain Courses

If you want to improve or update your curtain-making skills and learn techniques directly from the professionals, as well as picking up hints and tips, then Merrick & Day’s curtain courses are for you.

Choose from a wide range of one-day courses, covering every aspect of window treatments, from design to measuring, to making curtains, top treatments and blinds. All the courses have been designed to complement each other so you can pick and choose from them to suit your needs. We also offer an intensive three-day course, which condenses the main elements of the individual one-day courses.

One-day Curtain Design Courses

Designing Window Treatments CDESIGN
This one-day course is for interior designers and curtain makers and will provide inspirational soft furnishing knowledge for both. Learn the secrets of designing successful window treatments, for both traditional and contemporary curtain styles. Using slide shows and curtain samples we will show you a full range of curtains and top treatments, as well as crucial design details which will ensure a professional look. You will learn professional proportions and formulas guaranteed to ensure success everytime. This course will give you a good understanding of curtain design and terminology. You will leave able to design window treatments with confidence.

Measuring Windows, Curtain Planning & Fabric Estimation CMEASURE
Measuring windows, curtain fullness and proportions, and fabric estimation. This course complements Designing Window Treatments and is a practical application of the knowledge learnt on that course. Suitable for designers and curtainmakers.

On this one-day course you will learn:
- how to measure windows, record and use this information effectively,
- how to estimate your curtain fullness, and the proportions for successful top treatments,
- how to estimate fabric and trimming quantities,
- how to work out pattern repeats and where to place patterns on curtains and top treatments,
- how to choose suitable tracks, poles and pelmet boards,
- professional fitting and hanging tips.

One-day Curtain-making Courses

Interlined Curtains with Hand-pleated Headings CCURTAIN
This course covers the essentials of professional curtain making. We will show you the different linings and interlinings available and discuss their uses and benefits. We will also discuss seaming and cutting fabric as well as pattern matching. You will make an interlined hand-pleated curtain sample.

On this one day-course you will learn:
- how to calculate pleats and spaces for pleated headings, on plain and patterned fabrics,
- how to stiffen pleated headings with buckram,
- how to sew interlocking and herringbone stitches and make perfect mitred corners,
- how to make French, goblet, box, inverted and Tete de Versailles headings.

Hand-gathered Curtain & Valance Headings CVALANCE
Complementing Interlined Curtains, this course will show you how to make hand-gathered headings and apply them to both curtains and valances. You will also learn how to calculate valance proportions. We will demonstrate how to shape serpentine and arch-shaped valances. You will make an interlined, hand-gathered, smocked valance sample with a contrast-bound top.

On this one-day course you will learn:
- about the different types of hand-gathered headings - pencil, trellis and smocked,
- how to sew hand-gathered headings,
- how to finish hand gathering for curtain headings,
- how to calculate valance proportions and depths for serpentine and arch-shaped valances.
Curtain Courses

One-day Curtain-making Courses

Roman Blinds CROMAN
This course covers the main Roman blind make-up techniques. We will discuss the various types of blinds – cascade pleated, hobbled, bordered, bottom flaps, shaped hems and fantails. We will look at the different construction methods – unlined, lined, interlined and blackout, rod pocket tape, lining pockets. You will make a lined, Roman blind sample with lining rod pockets and cascade pleats.

On this one-day course you will learn:
- how to estimate fabric quantities,
- about different fitting options - face-fix, top-fix, inside a recess, outside a recess,
- about different hardware options - wooden batten, corded and rotary chain headrails,
- how to calculate folds for Roman blinds, including standard, cascade and hobbled,
- professional hints and tips for making Roman blinds.

Flat Pelmets CPELMET
This course will show you how to make both contemporary and traditional styles of flat pelmets, determining their proportions and the different construction methods. You will make a flat pelmet sample with a shaped baseline, using 2-ply wood, trimmed with hand-sewn rope.

On this one-day course you will learn:
- how to shape the baseline to work with the horizontal pattern repeat of a fabric,
- how to make a pelmet using buckram, canvas or 2-ply wood,
- how to make pelmets for bay windows,
- how to hand sew rope and fringe onto pelmets.

Swags & Tails CSWAG
This course covers the advanced soft-furnishing technique of draping fabric. We will discuss the design of swags and tails, trumpets, underswags and other trims. We will also explain fitting swags and tails on pelmet boards and draping over poles. You will drape a swag pattern and make an interlined swag sample. You will also make a paper tail pattern.

On this one-day course you will learn:
- the proportions and formulae used to calculate swag and tail widths and depths,
- how to estimate fabric and fringing for swags and tails,
- how to drape swags with radiating and staggered pleats and make paper patterns,
- how to make choux and rosette trims.

Curtains for Arched Windows CARCH
This course involves advanced pattern cutting techniques. We will discuss design ideas and hardware for arch-headed curtains and demonstrate Italian stringing. You will make an arch-shaped paper pattern and from this make a hand-pleated, French or goblet-headed, interlined curtain sample.

On this one-day course you will learn:
- how to measure arched windows, and estimate fabric quantities,
- how to plan and make a paper pattern for arch-shaped pleated curtains,
- how to calculate pleat sizes for plain and patterned fabrics,
- how to stiffen pleated headings with buckram.
Three-day Curtain Design & Make-up Course

Intensive Three-day Course CINT3
Ideal for those wishing to upgrade their curtain-making skills. Everyone will leave this course with renewed confidence in their curtain-making abilities, lots of new ideas and invariably, new friends!

Day 1 - Designing Window Treatments
Learn curtain and top treatment design ideas and understand proportions and formulas. Enjoy a slide show and discussion of curtain samples. This day offers advice on measuring windows and how to estimate fabric quantities and includes hints and tips about working with patterned fabric.

Day 2 - Making Interlined Curtains
We will discuss and show curtain samples and their various headings. Learn about pleated and gathered headings used for both curtains and valances. You will make an interlined, hand-pleated curtain sample.

Day 3 - Making Pelmets & Roman Blinds
We will discuss and show samples of pelmets and Roman blinds. You will learn about the various pelmet constructions and how to make a Roman blind. You will then choose whether to make a pelmet or Roman blind sample. We will demonstrate swag draping.

Further Course Information

Course dates & prices
Call us now on 01652 648814 for dates, availability and prices or see our website www.merrick-day.com. The one-day courses are run consecutively for those wishing to do part or the whole two week programme together.

The courses can also be arranged at a mutually convenient time for groups of five or more. Company training can also be provided.

Who can attend?
Courses are suitable for anyone with an interest in curtain making or interior design. Practical courses are suitable for intermediate and experienced sewers as well as those who are new to the craft.

What’s included in the course price?
We keep course numbers deliberately small, so we can ensure you will receive our personal and professional attention. We will be teaching you the skills and techniques that we use in our workroom.

You will be given detailed course notes for each course you attend. You will find the course notes to be an invaluable aide-memoire when you are at home.

We will provide you with a delicious homemade light lunch, plus tea and coffee. Please let us know if you have any special dietary requirements.

If you are on a practical course, please bring your own scissors, calculator and notepad, all other course materials (fabric, lining, interlining, needles, pins etc) will be supplied by us. You will be working in our professional workroom so we can guarantee we will have everything you need! You will take home your made-up sample. If you wish to take home any of the other professional items that you use while you are here, then you can purchase them directly from us.

On leaving you will receive a Merrick & Day certificate of attendance.

Course timings
Coffee is served at 9.40am and the course will begin at 10am and end at 4.30pm.

Booking your place
You can telephone us on 01652 648814, fax us on 01652 648104, email us at sales@merrick-day.com or book online www.merrick-day.com.

Places are limited and bookings are subject to availability, so please do book your place as early as possible to avoid disappointment. A £20 (inc vat) non-refundable deposit per course day is required to secure your place. On receipt of the deposit we will confirm your place by letter. The balance of the course fee is payable one month prior to the course.

Finding us
Courses are run from our North Lincolnshire workroom which is within easy access of the motorway network and major train routes. A detailed local map will be sent to you with your booking confirmation.

For those wishing to travel by train, on course days morning and evening transport can be arranged from Newark Northgate and Scunthorpe train stations. Newark Northgate is approximately a 1 hour car journey, Scunthorpe train station is a 20 minute car journey from Redbourne.

Where to stay
Should you require overnight accommodation then we can recommend The Red Lion Inn in the village of Redbourne, one mile from the Merrick & Day workroom. For reservations call 01652 648302. Please contact us for other accommodation details.
